

All About That Pace

(sung to the tune of "All About That Bass" by Meghan Trainor)

Because you must
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace

Yeah, it's testing time, you're nervous, it's true
But you must take it, take it
Like you're supposed to do
'Cause you got the knowledge that all the kids chase
Put all the right answers in the right spaces

Don't get distracted by students just racing through
Keep eyes on your own test
Do the best you can do
You did your learning, learning, just use your mind
Use every skill that you've developed
Let your test star out to shine

Yeah, the teachers all tell us don't worry about
the time
Don't stay hung up for too long on answers that
you cannot find
Skip the hard ones and move on, then after
you're finished go back
Take some short breaks, breathe deeply, stay focused
but try to relax

Because you must
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace

Test-taking tips are back
Go ahead and use them 'cause you got the knack
When you are testing, stay on the right track
You're in it to win
Every strategy is helpful from beginning to the end

Yeah, the teachers all tell us don't worry about
the time
Don't stay hung up for too long on answers that
you cannot find
Skip the hard ones and move on, then after
you're finished go back
Take some short breaks, breathe deeply, stay focused

'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace

Because you must
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace, don't hurry
Be all about that pace
'Bout that pace
