

# Can Ace My Test

(sung to the tune of "Can't Feel My Face" by The Weekend)

And I'll use all that I know to pass, I want to  
do my best  
And my work I'll show and check it twice, on  
this important test  
All my friends and I are well-prepared, we think  
you'll be impressed  
Gonna shine, gonna shine

People say, "Don't worry about it."  
Teachers say, "Don't hurry, don't race."  
We all know there's no way around it  
It's gonna be a great testing day

I can ace my test with strategies  
'Cause I love them, yes, I love them, oh  
I can ace my test with strategies  
'Cause I love them, yes, I love them, oh

And I'll use all that I know to pass, I want to  
do my best  
And my work I'll show and check it twice, on  
this important test  
All my friends and I are well-prepared, we think

Gonna shine, gonna shine
